School Location

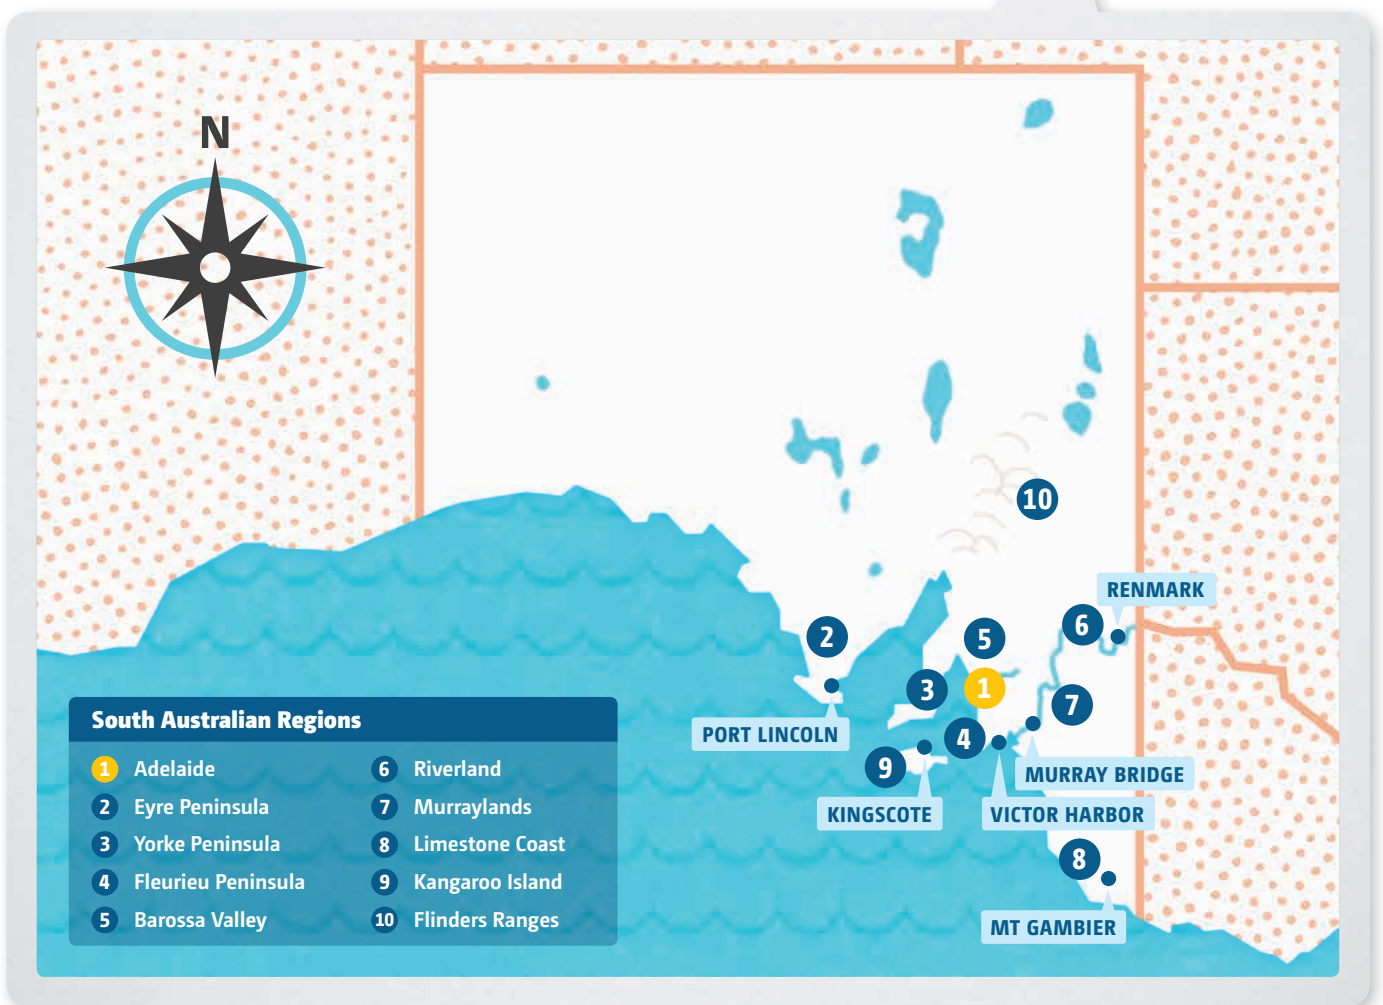

There are over 100 primary and high schools accredited by the Department for Education and Child Development to deliver the International Student Program. These schools are located throughout metropolitan Adelaide and regional South Australia.

Metropolitan Adelaide

Adelaide, the capital of South Australia is a dynamic city of approximately 1.2 million people. Surrounded by green parklands, Adelaide is one of the most beautiful and liveable cities in the world. Beyond the inner city, the suburbs of Adelaide stretch from the hills to the sea.

Regional South Australia

South Australia has many beautiful and varied regions including the Riverland, Flinders Ranges, the Limestone Coast and Kangaroo Island. Regional South Australia offers a uniquely Australian experience, good living and unspoilt natural environments.

- | South Australian Regions | |
|--------------------------|--------------------|
| 1 Adelaide | 6 Riverland |
| 2 Eyre Peninsula | 7 Murraylands |
| 3 Yorke Peninsula | 8 Limestone Coast |
| 4 Fleurieu Peninsula | 9 Kangaroo Island |
| 5 Barossa Valley | 10 Flinders Ranges |

Subject Offering

All South Australian Government Schools offer a broad range of interesting and specialised subjects and special interest programs within their curriculum. **Students can choose a school based on the subject offerings and co-curricular activities available.**

English Language

Intensive Secondary English Course (ISEC) is available at select high schools. Students attending schools without an ISEC program will be placed at the Adelaide Secondary School of English or another school for the duration of their ISEC program.

Intensive Primary English support may be provided to primary school students when they first arrive.

Ongoing English language support is provided by all schools across the curriculum.

Sport

For students interested in sport as a subject or co-curricular activity, it is important to understand that some sports are seasonal and are offered only at specific times of the year.

Accredited schools provide international students with individual learning programs, English language and homestay support.

The **International Student Program Manager** in each school monitors the academic progress and wellbeing of each student.

This table shows the **popular sports by season** and is to be used as a guide only when applying.

Summer Sports

- Aquatics—swimming, sailing, kayaking, snorkelling, scuba diving, windsurfing, canoeing and surf lifesaving
- Athletics—track and field, triathlon, cross-country running
- Baseball
- Cricket
- Cycling
- Futsal (indoor soccer)
- Golf
- Rock climbing
- Rowing
- Softball
- Tennis
- Beach volleyball

Winter Sports

- Australian Rules Football
- Soccer (International Football)
- Cross-country running
- Netball
- Basketball
- Touch football
- Rugby
- Table tennis
- Lacrosse
- Sofcrosse
- Hockey
- Badminton
- Outdoor Education—bushwalking, orienteering
- Volleyball

Aberfoyle Park High School

www.aphs.sa.edu.au

Aberfoyle Park High School is located 24km south of Adelaide, nestled amongst native gum trees and close to public transport, parks and a large community shopping centre. The school provides a safe and attractive environment in which to study abroad and has become a popular school for international students. Aberfoyle Park High School is known for its vibrant, dynamic and engaging curriculum which includes an outstanding Visual and Performing Arts program incorporating music, dance, drama, visual arts and design. As a leader in innovative and cutting edge information technology, many students choose to pursue careers in this field. There is also a strong focus on extending gifted and talented students through the IGNITE program.

Adelaide Secondary School of English

www.adsecenglish.sa.edu.au

Adelaide Secondary School of English prepares students from diverse cultural and language backgrounds for their transition to mainstream schools across the metropolitan area. English is taught through a range of subjects including Information and Communication Technology (ICT), Mathematics and Science. The school places a strong emphasis on student wellbeing and supports students to settle into Australian society. The school is co-located with the School of Languages just 5km west of the city of Adelaide and is accessed by dedicated school buses from the city.

Australian Science & Mathematics School

www.asms.sa.edu.au

The Australian Science and Mathematics School (ASMS) is a specialist senior high school for Years 10–12 and is one of only two in Australia. It is located on the campus of Flinders University at the base of the Adelaide hills, close to public transport, major shopping and cinema complexes and popular beaches. The goal of the school is to prepare students for university, particularly in the fields of mathematics and science. ASMS is an innovative purpose built school designed for highly collaborative and interactive learning, bringing leading edge developments in the ‘new sciences’ into the school experience. Students may also have the opportunity, as part of Flinders University’s Science and Technology Enterprise Partnership, to be involved in research projects in the business, industry and university sectors. Students graduating from ASMS will be creative, critical, informed and motivated citizens responding to personal, professional and social issues.

SCHOOL

Banksia Park International High School

www.bpihs.sa.edu.au

Banksia Park International High School is located in a beautiful north-eastern suburb of Adelaide accessible by the fast-track transport system to the centre of Adelaide. The school is surrounded by picturesque native Australian parklands where native birds and koalas can be seen and is close to recreational parks, sporting facilities and a major shopping and cinema complex. Banksia Park International High School is internationally accredited by the Council of International Schools (CIS) and offers a caring and challenging learning environment for all students. Personal interests and specialisations are developed as students are guided through a broad range of pathways that lead to higher education, vocational training and employment. Students also have the unique opportunity to pursue the Global Citizens Medal, a program that has received a national Education Award of Excellence and enables students to demonstrate their citizenship skills through various civic contributions.

Heathfield High School

www.hhs.sa.edu.au

Heathfield High School is in an idyllic setting, nestled in the beautiful Adelaide Hills near Mount Lofty, just 20 minutes from the centre of Adelaide. The bushland that surrounds the school abounds with native flora and fauna. The school provides a stimulating and challenging curriculum and prides itself on the excellence achieved by its students in a multitude of pathways, both academic and vocational. Heathfield High School provides a diverse range of sporting, outdoor education, visual and performing arts programs along with innovative science, mathematics and technology programs. The school has a special focus on volleyball and has become the most successful volleyball school in Australia. Also specialising in advanced technologies, the school exposes students to new innovations and linkages between science, mathematics and technology.

Le Fevre High School

www.lefevrehs.sa.edu.au

Le Fevre High School is one of South Australia's first high schools and celebrated its centenary in 2010. It is located in the historic coastal suburb of Semaphore, easily accessible by public transport, close to beautiful beaches, shopping, sporting and recreational facilities. The school community is very diverse with over 50 different cultural backgrounds represented including students of Aboriginal heritage. The school has a reputation for innovative educational programs including engineering, maritime studies, multimedia and creative industries as well as technology programs such as robotics, woodwork, metalwork and photography. Le Fevre High School delivers the International Baccalaureate Middle Years Program (IBMYP), has elite rugby and ice hockey programs and is South Australia's only Maritime High School.

Marryatville High School

www.marryatvillehs.sa.edu.au

Marryatville High School is located 4km from the Adelaide city centre nestled amongst gum trees on the banks of First Creek in the eastern suburbs. The peaceful natural environment and stimulating learning culture are conducive to academic excellence where every student strives for excellent results. The school is internationally accredited by the Council of International Schools (CIS) and offers a diverse and challenging curriculum to all students. The school has a strong focus in music and tennis. The music program is aimed at students with professional music potential. The tennis program enables students who are training at a high level to combine their school studies and tennis coaching with minimal disruption to school work.

Mitcham Girls High School

www.mitchamgirlshs.sa.edu.au

Mitcham Girls High School is the only government school for girls in South Australia and is located in the beautiful suburb of Kingswood just 10 minutes from the Adelaide city centre. The school is part of the Mitcham Council District, a lovely historic part of Adelaide, and is located within walking distance of a large shopping precinct. The school attracts students from across Adelaide and nearby country towns because they prefer to complete their education in a single sex environment where they can achieve academic success and be afforded extensive leadership opportunities. Each girl is supported to reach her full potential. Gifted and Talented classes are also offered in Years 8, 9 and 10 for students who meet the criteria for selection across the subject areas of Mathematics, Science, English and Humanities and Social Sciences.

Mount Barker High School

www.mtbhs.sa.edu.au

Mount Barker High School is located in the beautiful Adelaide Hills, close to the picturesque villages of Stirling and Aldgate and the tourist centre of Hahndorf. Many families are involved in agriculture, horticulture, farming, small business and tourism in the local area, while others commute to the city for work which is only 30 minutes away. The school has large attractive grounds and is close to recreational parks, shopping centres and a large cinema complex. Mount Barker High School offers a caring and supportive learning environment to all students and has acceleration opportunities in place to cater for gifted and talented students. Strong community and industry alliances provide additional opportunities for students in education and training. Mount Barker High School is recognised as a leader in teaching Positive Education by using positive psychology approaches.

Roma Mitchell Secondary College

www.rmssc.sa.edu.au

Roma Mitchell Secondary College opened as a new multi campus school in 2011 consisting of a co-educational campus, a girls' education campus and a special education campus all on one site. The school is located only 15 minutes from the Adelaide city centre, close to bus routes, the city parklands and a world-class cycling velodrome and hockey stadium. Roma Mitchell Secondary College, named after Dame Roma Mitchell, the first Australian woman to become a judge, Queen's Counsel, chancellor of an Australian university and governor of an Australian state, has quickly established a reputation for academic achievement and sporting success. This new school is purpose-built to engage students in 21st Century learning with flexible learning spaces and technology rich environments. Roma Mitchell Secondary College is an International Baccalaureate Candidate school implementing the Middle Years Program (IBMYP).

Thebarton Senior College

www.tsc.sa.edu.au

Thebarton Senior College was established in 1919 and has transformed over the years from a boys technical high school to a co-educational high school, adult re-entry school and now a specialist Senior Secondary College offering students a rewarding and engaging educational experience. Located only 4km from the centre of Adelaide, the College has regular bus services to and from the city. The college is a centre for learning where adult students from diverse backgrounds undertake senior secondary studies in an environment that is supportive and reflects the needs of adult learners. It is the only senior secondary United Nations Global Peace School in South Australia and actively teaches peace-building and community responsibility in their curriculum.

William Light School

www.wlightr12.sa.edu.au

William Light School caters for students in Reception to Year 12 and is located in the south-western suburbs between the Adelaide city centre and the popular tourist beach of Glenelg. It is close to shopping, cinema complexes and the Adelaide Airport. The school is named after William Light, an officer in the British Military and first Surveyor-General of South Australia. Light is famous for selecting the site of Adelaide and for its design which is noted as being one of the last great planned metropolises. William Light School comprises a harmonious multicultural community where diversity is valued within a family friendly atmosphere. The major focus of the school is to support students to be successful and to acknowledge and celebrate these successes.

Wirreanda Secondary School

www.wirreandasecondary.sa.edu.au

Wirreanda Secondary School is situated in the southern suburbs of Adelaide close to beautiful beaches and the picturesque Fleurieu Peninsula and McLaren Vale wine region. The word 'Wirreanda' is an indigenous Australian name for 'place where wallabies live under tall trees'. The natural bushland environment of the school provides the perfect setting for students to achieve their personal best. The school is well served by public transport, providing convenient and quick access to the Adelaide city centre. Wirreanda Secondary School is recognised as one of South Australia's premier specialist sport schools providing talented student athletes with pathways that support high achievement in an educational context. Students develop high level skills and an insight into sport related studies including coaching, physiology and biomechanics.

Grant High School

www.granths.sa.edu.au

Grant High School is located 450km southeast of Adelaide on the Limestone Coast in the town of Mount Gambier. The Limestone Coast is a popular tourist destination with attractions such as the Blue Lake, Mount Schank, the Umpherston Caves and an abundance of native wildlife. Mount Gambier is the largest town in South Australia after the capital of Adelaide and has a shopping complex, cinema, sports parks and many good restaurants. Grant High School engages students in dynamic learning and gives them every opportunity to excel in both their academic studies and co-curricular activities.

Kangaroo Island Community Education

www.kice.sa.edu.au

Kangaroo Island Community Education (KICE) is a multi-campus school which reflects Kangaroo Island's strong community and history. Students come from all over the island by school bus to attend their local campus. Kangaroo Island is one of the world's pristine natural environments where visitors are greeted by sea lions basking on unspoiled white beaches and koalas dozing in lofty eucalyptus trees. It is a place that offers protection to huge populations of native Australian animals, as well as being a place where people can pursue their creative, environmental and adventure interests. The school provides students with exciting opportunities to interact with scientists, artists and craftspeople across the island as well as participation in practical activities such as native fish surveys and tagging, pelican studies and dolphin monitoring.

Mount Gambier High School

www.mghs.sa.edu.au

Mount Gambier High School is located 460km from Adelaide in the southeast of South Australia. Mount Gambier is the regional centre of the Limestone Coast, surrounded by the natural beauty of volcanic craters, lakes, limestone caves and underground waterways. The town is also close to beautiful beaches and wineries. Students at Mount Gambier High School are encouraged to participate in the broad scope of subjects and school activities on offer in order to enhance their career options and personal satisfaction. The school has special interest programs in sport and outdoor education that make use of the region's facilities and natural attractions. Students interested in creative arts can study dance, design, drama, media studies, music, theatre production and the visual arts.

Port Lincoln High School

www.plhs.sa.edu.au

Port Lincoln High School is located in Port Lincoln on the shores of Boston Bay, Eyre Peninsula, 660km from the city of Adelaide. Port Lincoln is the seafood and aquaculture capital of Australia, home to the country's largest commercial fishing fleet and renowned for its tuna, prawn, whiting, crayfish and oysters. The region offers a myriad of activities from fishing and sailing, to diving with great white sharks, touring aquaculture industries and exploring the area's sheltered beaches and booming surf. The school offers a broad curriculum ranging from traditional academic subjects to vocational education pathways including aquaculture and commercial cookery. There are also numerous opportunities for students to develop leadership and sporting skills and involve themselves in community projects.

Victor Harbor High School

www.vhhs.sa.edu.au

Victor Harbor High School is located 80km south of Adelaide on the beautiful Fleurieu Peninsula. The township of Victor Harbor is a popular holiday destination with great sand and surf beaches, stunning scenery and unique wildlife. In July and August, Southern Right Whales can be seen basking at Encounter Bay, only metres from the shoreline. Victor Harbor High School's curriculum maintains close links to the natural environment and is characterised by pathway planning and personalised learning for every student. Victor Harbor High School has a strong academic program and has strengths in aquatics and marine studies.

Colonel Light Gardens Primary School

www.colgrdnsps.sa.edu.au

Colonel Light Gardens Primary School is located in a south eastern heritage suburb, close to the Adelaide city centre. The school is named after the original architect of the city of Adelaide, Colonel Light. The school adjoins a large park with expansive grassed play areas, a football oval, soccer and baseball pitches. These areas are utilised by classes each day and support the modern and attractive school facilities to create a safe, secure and friendly learning environment. The school is committed to providing a vibrant, caring and stimulating learning environment that encourages all children to achieve and develop their true potential. Parents feel welcome and supported and are very active in the school community.
