QR CODES IN THIS GUIDE

On some pages you will find a **QR code** (left). A QR code is a smartphone or tablet-readable barcode. It encodes a URL (web page) so when a smartphone or tablet scans the code, a specific web page opens.

To use QR codes, you'll need a QR reader **app** installed on your smartphone or tablet that has a camera. Simply enter "QR Code" when searching for an app on the Apple or Google Play App Stores - there are many available.

We recommend QR Reader for Apple (iOS) phones and RedLaser for Android phones.

HOW TO USE QR CODES

1. Open your QR reader app
2. Place your device's camera over the code as shown in the photo (left); it will auto focus and scan the code
3. The selected web page will open
4. Do the same thing with any code you find in this guide. They will all take you to different web pages!

4 CHECK THE ENTRY REQUIREMENTS

TAFE NSW Diploma and Advanced Diploma courses generally require completion of a pre-requisite such as a Certificate 4. TAFE NSW Higher Education courses require a Year 12 equivalent.

STREAMLINED VISA PROCESSING (SVP)

TAFE NSW has been approved for Streamlined Visa Processing (SVP) by the Department of Immigration and Border Protection (DIBP). Under SVP arrangements, eligible student visa applicants are assessed as a lower immigration risk, regardless of their country of origin. This can reduce the number of documents you are required to submit and shorten the processing time of your student visa application.

WHICH TAFE NSW COURSES ARE ELIGIBLE FOR SVP?

All TAFE NSW Bachelor degree and Advanced Diploma courses are eligible for SVP. To be eligible for SVP, student visa applications must be lodged with an electronic Confirmation of Enrolment (eCoE) from TAFE NSW for a Bachelor degree or Advanced Diploma.

SVP also applies to eligible TAFE NSW Diploma-to-Degree (D2D) pathways. Eligible pathways include one or more TAFE NSW vocational courses that proceed to a Bachelor degree course offered by TAFE NSW or one of our seven partner universities. While processes might be slightly different there is no difference between SVP offered by TAFE NSW or one of our partner universities.

TAFE NSW INSTITUTES

RIVERINA INSTITUTE

riinternational@tafensw.edu.au

Situated in the Riverina region of south-western NSW, Riverina Institute offers its students a rural lifestyle among friendly country people. Students can enjoy a relaxed and healthy lifestyle with no traffic jams, no crowds and cleaner, green communities which still offer the services and facilities available in larger cities.

Living costs are lower in the Riverina than in the major cities, especially for rent and fresh food. The Riverina is also Australia's largest wine-producing area, which can provide opportunities for part-time work.

Small classes with mostly Australian born students will improve your English every day, which is important for those international students who may apply to live and work in Australia in the future.

Campuses include the Primary Industries Centre, the National Environment Centre (a unique, 182-hectare certified organic farm), and a new state-of-the-art training facility which offers enrolled nursing and aged care work.
